**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Claim 7.** A non-transitory computer readable medium having software instructions recorded thereon, wherein the software instructions, when executed by a processor, perform the steps of: receiving a modulated audio file signal; demodulating said modulated audio file signal; polling said demodulating for a loss in a phase lock loop in said demodulating to detect audio file signal loss between a receiver and a transmitter; and in response to said loss in said phase lock loop, automatically and repeatedly resetting and reinitializing said demodulating throughout a period of signal transmission idleness at a transmitter source until a transmission signal is received and a phase lock loop is established such that seamless playing of audio files is maintained.

***Allowable Subject Matter***

2. **Claims 1-17** are allowed.
3. The following is an examiner's statement of reasons for allowance:  
Consider **independent claims 1, 7 and 12**, the best prior art of record found during the examination of the present application, **Sakamoto (US Patent 4940951)** in view of

**Zuqert et al. (US Patent 6466832)** fails to specifically disclose, teach, or suggest in response to said loss in said phase lock loop, automatically and repeatedly reset and reinitialize said decoder throughout a period of signal transmission idleness at a transmitter source.

Therefore, claims 1-17 of the present application are considered novel and non-obvious over the prior art and, consequently, are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
